Workshop Shelter

The Workshop Shelter is a rapidly redeployable shelter which can be mounted on ISO shipping containers by means of special beams with connections into the ISO locks.

This is ideal to be used for maintenance or storage of products. Containers can be utilized to store maintenance equipment when maintenance is done on vehicles.

Features:

- Width of covered area: 4.8m or 6m or 8m
- Length: 6m or 8m or 12m or 14m
- Shelter material: Heavy duty PVC
- Colours: olive green, white and desert sand
- Various floor protection options
